

Bottom Line: The answer to how we grow in faith is not some secret formula. Instead, the secret lies in something we've always known.

Authentic Community:

1. Share with the group something that you read from the Bible Reading Plan that challenged you. How is God leading you to change as a result?
2. What is God teaching you about what it means to grow in Faith? Have you found any one thing particularly helpful that you might share with the group?

Grace & Truth:

3. Do you consider yourself a "faith-filled person"? What characterizes someone who lives by faith?
4. Read Romans 10:14-17. Paul says faith comes by hearing and hearing by the word of God. Does this seem overly simplistic? What has been your process for daily Bible reading? What have you found successful or not?
5. What are some of the things that prevent us from reading our Bible everyday? What are the dangers of neglecting the Bible?

Action Over Words:

6. How can you commit to spending time each day in the Bible? Share with the group how they can help keep you accountable.
7. Pray together that God would cause us to be a people characterized by our faith.
